

Psalm 90:12 | NIV

Teach us to number our days,  
that we may gain a heart of wisdom.

An hourglass with blue sand is positioned on a beach of smooth, grey and brown pebbles. The hourglass has a dark wooden frame and two glass bulbs. The top bulb is partially filled with blue sand, and a stream of sand is falling into the bottom bulb. The background is a soft-focus view of the ocean and sky at sunset or sunrise, with warm light reflecting on the water. The overall mood is contemplative and serene.

**“TEACH US TO NUMBER OUR DAYS”**

“TO NUMBER OUR DAYS” means:

- Realizing the shortness of life.
- It means knowing that we only have so many days on this earth, and therefore we want to live each day to the fullest.
- Means finding and knowing your God given purpose and doing it every single day of your life.

An hourglass with blue sand is the central focus, resting on a bed of smooth, grey and brown pebbles. The hourglass is made of dark wood and glass, with the sand flowing from the top bulb to the bottom. The background is a soft, out-of-focus sunset over a body of water, with warm orange and yellow light. A dark blue horizontal bar is overlaid across the middle of the image, containing the text.

# 6 Good Reasons To Number Your Days

Reason #1) We don't know what tomorrow brings.

The top of the hourglass is visible in the upper portion of the image, while the bottom and the blue sand are visible in the lower portion. The background is a soft, out-of-focus landscape, likely a beach at sunset or sunrise, with a warm, golden light. A semi-transparent dark grey box is overlaid on the center of the image, containing white text.

I'll tear down my barns and build bigger ones. Then I'll have room enough to store all my wheat and other goods. 19 And I'll sit back and say to myself, "My friend, you have enough stored away for years to come. Now take it easy! Eat, drink, and be merry!"' 20 "But God said to him, 'You fool! You will die this very night. Then who will get everything you worked for?'
